Renovated Stairs - High Quality

Diamond Polishing Pads - Wet Marble

Remove concrete skin with the iTOOLS Turbo Disc

Experience the fastest and smoothest surface sanding ever performed by a single disc machine when you mount our new Turbo Disc! The uniquely designed segment holders spin at a rate 3 times faster than the machine. Similar to a 'fixed' diamond segment disc, independent from the drive plate friction causes the backers to spin at a rate 3 times faster. As the individual diamond segments are included: Water tank, needle pad drive, iron weight (2 x 12.5kg) 17" Cable length: 13m Warranty: 12 months Accessories: 550, 400, 600, 800, 1800, 3500, 8500 No color transfer on light stones Designed specifically for marble and similar soft stones The only diamond pads priced in the economy side of the diamond pads on the market. Only do these pads pop a shine like no other but they are also converting to DIAFLEX and DIATECH for several reasons, not far the best pad for wet polishing MLT we have ever used. Big for over 18 months now. The search is over, we now stock by extensively test all our products and use them daily, quality is assured! We refuse to sell inferior products! Don't take a gamble
